ONLY SMOKING RUBBLE remains of a summer lodge and store owned by Douglas Barefoot, R.R. 3, Napanee which burned to the ground Sunday morning. The building was part of Bay Acres camp on the North Shore of Hay Bay. No one was in the house at the time and the fire was discovered by neighbors. Cause of the fire is not known but it is believed an overheated oil stove may have started the fire. The loss of the lodge which also served as a home and summer store is estimated at $80,000. North Fredericksburgh Fire Department fought the blaze with a pumper and tank truck.

CLERK-TREASURER

Town needs industrial park

Napanee's new town clerk-treasurer would like to see an industrial park developed here so that serviced land can be sold at a guaranteed price for industry. Jack McNamee, newly-appointed to succeed Carson Graham, who is retiring, told members of the Napanee Rotary Club at their regular weekly luncheon meeting here Tuesday that industrial land owned by the town is helpful in industrial growth which is important to a town.

Studies have shown that a growth rate of six per cent is healthy for a community and not disruptive and that is about the growth of Napanee at present. He also said that the town's industrial and commercial assessment relative to its residential assessment is also about what is considered suitable at about 60-40.

Mr. McNamee, who was introduced by Murray Wilson and thanked by Barry Young, said plans for development in the future are part of a five-year budget forecast and the new official plan. He said he also hoped that local service clubs would take part in the proposed restoration of the town hall on the Market Square.

Mr. McNamee said Napanee's proportion of industry to residential is close to the recognized standard now and will reach almost exactly the 40 per cent mark for industrial and commerical assessment when the new shopping mall is assessed.

Although no reference was made specifically to it, the Clarence Milligan farm on No. 41 Highway is considered to be the town's best indusrial land but it is privately owned and not controlled by the town. The town's industrial development in recent years has been on land bought from Mr. Milligan, who is a member of town council.

Both Mr. McNamee and members of Napanee Town Council, who were present at the luncheon as guests, were questioned about town affairs particularly about the former Rotary property on the Napanee River just west of Centre St. bridge on the south shore. This land was recently sold back to the Rotary Club by the Town of Napanee so the club could sell it to the Napanee Region Conservation Authority for the green belt parkland development. However, three lots were held back by the town so that snow can be dumped there and the Conservation Authority plans to built its offices there. Some Rotarians objected to these uses for parkland but Mayor Lorne Smart said snow dumping would continue for the foreseeable future and the building would be a type which would be suitable for parkland. He said a plan for the area has been commissioned by the authority with an engineering firm and was to be presented in the near future.

Mayor Smart is chairman of the authority's parks committee.

BAKING IS THE SUBJECT of this discussion between Miss Bonnie Lacroix, left, home economist with the Ontario Ministry of Food and Agriculture, and Mrs. (Ivan) Kim Rogers, curator at the Macpherson House. Mrs. Rogers was guest speaker at a "Baked in a Pie" program at St. Thomas Anglican Church, Morven last Thursday. Mrs. Rogers spoke on baking in pioneer days and brought along a cookie cutter used about 1850 while Miss Lacroix holds a modern rolling pin.

Junior Farmers enter talent festival

Talent Festival — one of the several annual provincial Junior Farmer activities, will be the first event in 1974 to mark the 30th anniversary of the Junior Farmers' Association of Ontario.

With an all time high of 175 entries, the festival promises to provide a full day's entertainment for the 1,500 plus expected to attend the program Feb. 2nd at the Royal York Hotel in Toronto. Lennox and Addington County Junior Farmers will be represented in the talent hunt competition.

The talent hunt is one of the most popular events in the program. Doug Baker, RR.3, Napanee; Robert Hough, RR.2, Napanee; Richard Morrow, RR.1, Bath, will participate in the event "creative dancing".

Highlighting the festival will be the "Show of Stars" in the Canadian Room of the hotel at seven p.m. Included in this program will be selections from the winners in the vocal solo, ladies trio, folk singing and choir competitions, as well the top presentations in the public speaking competition will be heard. During the "Show of Stars", a mass choir program will take place under the direction of Lloyd Bradshaw. Following this a dance will be held in the Canadian Room.

During the festival winners of several of this year's Junior Farmer travel programs will be announced including the Australia and New Zealand exchange and the Ontario Ministry of Agriculture and Food Travelling scholarships to the United Kingdom. Robert Hough, of RR.2, Napanee, has been nominated by Lennox and Addington County for the U.K. visit.

A WINDSOCK, one of the requirements for the licensing of the Deseronto Airport was put in place last Thursday afternoon. A preliminary inspection of the runway and facilities was made several weeks ago by the Canada Department of Transport and it is expected that a licence will be issued shortly. The airport is on the Tyendinaga Reserve.

Rebekahs mark 50th anniversary of lodge

Last week, Queen of Sheba Rebekah Lodge celebrated the 50th anniversary of the founding of the lodge. The gala event was held at the Oddfellows Hall at 7 p.m when 186 members and guests enjoyed a bountiful banquet served by the Grace United Church Women.

The banquet hall and tables were tastefully decorated, with gold as the predominate color. A beautiful three tiered birthday cake graced the head table and on either side were silver candelabra with tall pink and green tapers.

Seated at the head table, along with the Noble Grand, Mrs. Marjorie Baird and acting Vice-Grand, Mrs. Gladys Smith, were the five Charter members, Mrs. Kay Huffman P.D.D.P., Mrs. Beatrice Thompsom P.D.D.P., Miss Jean Russell P.N.G. and Mr. and Mrs. Percy Vine.

Guests of honor at the head table were, Mrs. Pauline Taylor, past president of the Rebekah Assembly of Ontario, who brought greetings from the Assembly; Mr. Russell Galbraith, P.G.P. of the Grand Encampment, who brought greetings from the Grand Encampment; and Mrs. Russell Galbraith, who was representing the District Deputy President, Mrs. Dora Allinson, brought greetings from Kingston District No. 3.

Arthur Perry, Noble Grand of Argyl Lodge No. 212, proposed a toast to Queen of Sheba Rebekah Lodge and Mrs. Marjorie Baird N.G. responded. Others seated at the head table were the Past Noble Grands of the Lodge and their husbands and friends. All were introduced by Mrs. Florence Calder, P.N.G.

Following the banquet all adjourned to the lodge room where a varied program was enjoyed.

Mrs. Mary McGaw, P.D.D.P. gave a brief history of the beginning of the Rebekah Lodge.

Silver corsages were presented to 30 members who have belonged to the lodge 25 years or more.

John Garrie, delighted all with two well rendered vocal solos.

A guard of honor, carrying gold garlands, was formed in the center of the room, and the charter members were escorted through to the front of the room, where they were seated on gold covered chairs and the garlands were place on their shoulders. Mrs. Gladys Smith, P.N.G. read the presentation address and each charter member was presented with a 50th anniversary cup and saucer.

The Slater family of Napanee contributed several musical selections, which were greatly enjoyed. Linda was the soloist for the group.

The program concluded with a pageant by the lodge officers and the Past Noble grands, under the direction of Mrs. Gladys Husband, P.N.G. Miss Jean Russell presented a scrap book of lodge events through the years, which had been compiled by her late sister, Miss Myrtle Russell, who was a charter member.

Mrs. Elsie Smith, P.N.G. spoke briefly of past amusing events in the lodge and offered a wish for the future of the lodge.

Mrs. Gladys Reid, P.D.D.P. read the closing prayer.

This was an outstanding event in the history of Queen of Sheba Rebekah Lodge and much of the credit goes to the convenors, Mrs. Mabel Clark, P.N.G. and Mrs. Florence Calder, P.N.G.

Women hear talk on baking in pioneer days

"Baked In A Pie" was the topic of the afternoon program on Thurs., Jan. 24 for a Summary Day at St. Thomas Anglican Church Hall, Morven. In the fall Miss Bonnie Lacroix, home economist from the Ontario Ministry of Agriculture and Food, Toronto, came to teach a two-day training school. Nine groups from the training school in turn taught the information to the group sponsoring them. On Thursday the leaders and groups represented were: Camden East Women's Institute led by Mrs. Barry Gulley; Grandview W.I. led by Mrs. James Tucker and Mrs. Kenneth Tatton; Hawley W.I. led by Mrs. Barry Millar and Mrs. John Sonneveld; Maple Leaf W.I. led by Mrs. Claude Craig and Mrs. Wilfred Cuthill; Maple Ridge W.I. led by Mrs. Margaret McCarten and Mrs. Violet Collings; Moscow W.I. led by Mrs. Harry Hambrook and Mrs. Lee Fraser; Reidville W.I. led by Mrs. Hugh Reid, and Mrs. Robert Fallat; Trinity United Church Women led by Mrs. Alvin Donaldson and Mrs. William Patterson, and Wilton W.I. led by Mrs. Archie Scouten and Mrs. James A. King.

Each group leader received a leader's ribbon from Miss Lacroix. Groups also gave short reports in the form of songs, exhibits, poems, skits and interviews telling some of the hilarious events which took place at their meetings. In her comments Miss Lacroix indicated she was very pleased with the work they had done.

Mrs. Gloria Millar, chairman for the afternoon, introduced a special guest, Mrs. Kim Rogers. Mrs. Rogers, curator at Macpherson House, talked about baking in pioneer days. Pioneers came to this area in the early 1800's. Conditions were hard. They were isolated, had limited equipment and limited choice of food. Food which they had grown had to last from one summer to the next. Needless to say, meat was a staple in their diets. Women did their baking and cooking in a Dutch oven set in the fireplace. Some were lucky enough to have a bake oven as in Macpherson House. The real trick of baking in pioneer days was to get the oven hot enough. Women used wild fruits for their pies. They used rye, cornmeal and wheat flour although the latter was rather scarce. They had to make their own yeast and until 1841 their baking powder as well. Shortening was rendered down pig fat. Anything they had was made by themselves.

Mrs. Rogers had also brought with her pioneer baking utensils to add to the items brought by the women.

The afternoon ended aptly with tea and pastry treats.

Driver education returns to County schools

After a one-year absence, driver education is coming back to the high schools in Lennox and Addington County. But instead of $15 per pupil parents will now have to pay a $50 fee for the classes. The County Board of Education approved the re-institution Monday night.

Charles S. Froud, Superintendent of Schools, in introducing his recommendation to the members of the board, said there would be two cars used in Napanee and one car in Odessa. The lessons would be taught by teachers connected with the Marchant Driving School in Kingston, because there was no one in Lennox and Addington County with the proper diploma and the desire to take on the task. For driver education in Cloyne a local teacher would be used and a car would be obtained locally as well.

A survey among high school students had shown that even at the $50 fee there were enough pupils to be found for the classes. In Napanee 96 students had indicated they were interested and in Odessa there were 18, Mr. Froud stated.

Alvin Chadwick, of Morven, a student at the Ernestown Secondary School at Odessa, told the board members that his group had polled their fellow pupils, and they had come up with 64 interested parties. But there was some doubt that all of the pupils had understood that there was going to be a $50 fee.

The course will be taught mostly at nights after school and on Saturdays. The evening lessons would be taught in three groups, with the first group being taught in the four to six o'clock slot, the second group from six to eight o'clock and the last group from eight to 10. Some of the board members thought the 10 o'clock final lessons were too late in the evening, and a different schedule will be sought to take its place.

For an average class of 18 students the cost of the classroom part of the course will be $212.50 and the training in the car will come to $1,224, for a total of $1,436.50. The $50-per-student fee will take care of $900 of the cost, leaving the board with a $536.50 bill.

Message From The Madawaska

A group of farmers and newspaper types gathered at Arnprior this week for what they thought would be an exchange of views on an Ontario Hydro dam project on the Madawaska River which threatened to expropriate considerable farm land along the river. It may have been an exchange of views but the exchange was a little late — Hon. Darcy McKeough, the Ontario Government's energy minister, announced that the deal was already settled and the contract for construction of the dam awarded. Then he left, after what both farmers and newspapermen considered a pretty boorish exhibition.

The message from the Madawaska is one that is becoming quite familiar across Ontario. Many of us feel in the newspaper business, and said so at a publishers' meeting on the weekend in Toronto, that the Progressive Conservative Government in Toronto just doesn't care what anybody thinks and has made this view abundantly clear. Many of their own backbench MLA's have come to the same conclusion because they aren't any more successful in crossing the barriers to the bureaucracy than anyone else. Seeing your MLA is no guarantee of even a hearing let alone consideration from the powers at Queen's Park.

Ontario Hydro has run into trouble in many areas of the province, including the Bay of Quinte region, where they have crossed farmland over strenuous objections, and where they seek to cross the bay to bring power from the new Lennox Generating Station near here. But this is only one facet of a provincial government attitude which is becomingly increasingly disdainful of public opinion. We doubt that the Liberals have a sufficiently competent alternative to offer but if they can muster one, the results of the next provincial election might prove to be quite surprising to the entrenched Tory party in Ontario. Certainly they would be surprised if they knew the feelings that are stirring in some of the small rural areas of the province, feelings which are being largely ignored despite the experience of losing traditionally-Conservative Huron riding not long ago to the Liberals in a by-election.

A Good Idea

Hastings Member of Parliament Jack Ellis, of Belleville, has come up with a novel idea for keeping in touch with his constitutents. Mr. Ellis is taking his office to the people and it's on wheels, so he can cover a lot of ground in a big county like Hastings.

Communication is definitely a problem for Members of Parliament and it is good to see a Member display some real initiative in finding out what the people's main interests are.

Since he was elected in 1972, Mr. Ellis has kept the communication line open from his end with a regular newsletter which he mails to every resident. It is filled with "news" of interest and almost entirely free of party or political propaganda of any kind. He lets the people who elected him know what he is doing.

This newest means of getting to the people will allow him, or perhaps more correctly, will allow more people to get to him directly, and acquaint him with their problems. To be sure, there will be many things that Mr. Ellis can not do directly himself (he is only one member of the Opposition caucus) but he is performing a useful service in finding out what may be a serious concern for someone so he can refer the person to someone who can solve it.

We may be seeing a new breed of politician, in Mr. Ellis. It used to be about the only time politicians surfaced was at election time. We hope that when Mr. Ellis becomes a Government Member he doesn't change his methods.

Lots Of Material

The Progressive Conservative MP for Frontenac-Lennox and Addington, A. Douglas Alkenbrack, of Napanee, has become a frequent and articulate Opposition critic in the House of Commons. He speaks often and with effect, and is particularly alert to the needs of his constituents and incidents where they are not getting justly served. He has brought to public attention many examples of Federal Government incompetence and arrogance and no doubt has little trouble finding such examples of perfidy by the Liberals across from him down there on the Hill.

In fact, there are more cases cropping up daily that provide material for such MP's as Mr. Alkenbrack than they can possibly deal with and perhaps the Tory caucus should make lists of them and distribute them among the members to make sure they all get covered. The latest little items to come to our attention include the case of the "borrowed" furniture and the attitude of the Canadian airlines in the face of the Government's freeze on oil prices.

In the former, the Royal Canadian Mounted Police has found that thousands of dollars of Government furniture has been "borrowed" by civil servants to furnish their homes. They just signed for the items and took them out of Government warehouses and the Government doesn't seem to feel there is much they can do about it. There probably isn't much the taxpayers of Canada can do about it either.

In the case of the air fares, Finance Minister John Turner, after an expensive and unproductive conference of provincial ministers on the energy crisis, announced that oil prices would be frozen for two months. Despite this, Air Canada and CP Air announced immediately that they would be raising fares by an amount of over 10 per cent for various reasons, one of them being the higher cost of fuel.

Mr. Alkenbrack take note.

LETTERS TO THE EDITOR

Sports

Box 24,
Napanee, Ont.
Jan. 28, 1974.

In last week's Beaver, Mr. Robinson made several statements which deserve a reply. It is not my desire to get involved in a letter writing debate, however, in his criticism about the attitude toward sports, he shows a lack of perspective about the problem.

First of all, he says "too much time is being concentrated on various mini sports here and experts who could be helping in other ways particularly with minor hockey, are not doing so." Just what mini sports is he referring to? So far as I know there is only one organized mini sport available for kids and that is hockey. If minor hockey needs some expertise in their program then why are the people involved not taking the course offered by Hockey Canada? Here is an organization developed to improve Canadian hockey and as far as I know only two people from Napanee have taken the course. If that is the interest shown then perhaps the hockey people feel there is enough expertise.

Frankly, I was surprised at Mr. Robinson's criticism because as a Recreation Director he should be encouraging wider participation in activity not specialization in only one. Hockey is an exciting game that appeals to many kids. However, my basic concern is with the kids who do not play hockey. What are they to do? If there is value in having athletics then the opportunity should be provided for everyone. This is especially important during the early years of development. During this time there should be a broad base of activities so that kids can pick and choose the one that appeals to them. Unfortunately, the kids in Napanee do not have that choice.

As far as his criticism of the N.D.S.S. physical education staff is concerned, he should be aware that one of our staff members is involved in the hockey program. There certainly is no need for all of us to direct our efforts in only one direction. The more activities that exist the better able we are to meet the needs of the youth.

Yours truly,

LORNE J. VERABIOFF,
Head, Boys' Phys. Ed. Dept.,
N.D.S.S.

Backward Glance

10 YEARS AGO

THE MAY 22, 1963 issue of The Napanee Beaver reported that Deseronto Town Council met with members of the Deseronto School Board to discuss closing of the high school there but only three out of the seven trustees turned up and there was no quorum.

Only 13 turned out at a meeting in Napanee to form a ratepayers' association.

G. Ernest Gibbard, member of a prominent furniture family, died suddenly at 54.

The drive for funds to build a hospital was underway with a community auction sale, a White Elephant store and an Open House at the new Rosebay Dairy farm with proceeds to go toward the hospital campaign.

Gibbard Furniture Shops Ltd. employees had donated $5,374 to date to the hospital drive.

25 YEARS AGO

THE MAY 12, 1948 issue of The Napanee Beaver reported that Napanee was to have 25 low-rental houses built in the area east of the fair grounds.

James Hepburn, Picton, was again chosen provincial Progressive Conservative candidate in Prince Edward-Lennox.

At least three new teachers were coming to Napanee, Miss Joan Gibbons from Iroquois, Miss Faye Sexsmith, of Hamilton and Hay Bay, and Mrs. Hazel Holden, of Shannonville. Resignations had been received from Isabel Kemp, public school, and Miss Sally Chiovetti and J. A. Egan, high school.

Miss Margaret Vannest, daughter of Mr. and Mrs. Floyd Vannest, R.R. 2, Bath, and David McLellan, son of Rev. and Mrs. C. D. McLellan, Napanee, were among the graduates at Queen's University, Kingston.

Rev. James Daw, of Parham, was chosen Liberal candidate for the provincial election in Frontenac-Addington.

FOOD FOR THE FED-UP

"All My Loving"

By
REV. GORDON C. SMYTH

Several weeks ago a letter appeared in newspapers of the County in which we live. It was a protest by a mother who had accepted a pre-Christmas invitation to the public for an evening of family entertainment sponsored by the local collegiate.

Being a parent too, I felt I had a right and duty to go to the source of the protest before drawing any conclusions. I found the source in the "idea book". for drama, "A Different Drummer" by David Kemp. It is apparently one of the texts recommended by the Ontario Department of Education.

Chapter six, "All My Loving", acted by senior students, was the subject of study. At the calculated risk of being branded a heresy hunter in pursuit of academic freedom, I feel conscience bound to express myself now. I have no personal axe to grind. I an convinced that nobody can any longer afford to be nonchalant about any aspect of ethics.

The scenes in chapter six are supposed to show "four very different kinds of loving". The fact of the matter is that only each setting really changes. For instance, no scene depicts love in a happy marriage, the love of community that puts a policeman's life in danger, the love of truth that could lose an editor a leading advertiser, or the love of God causing a promising graduate from medical college to wrestle with a challenge to go to a mission field.

In the first scene of "All My Loving" a lonely Manchester teenager invites a sailor friend to stay with her for the holidays. He chides her for being a "naughty girl", but clearly means nothing of the sort.

In the second scene a New Yorker tries in vain to get the telephone message across to her boy friend that she desperately needs him back from Detroit since she is pregnant.

In the third a bride and groom are nervous and excited as a train takes them nearer to the city where they will spend the first night of their honeymoon.

In the fourth scene a couple have another round in a combat marriage they seem to enjoy. He storms out. A mutual friend stays to comfort her with caressing hands. They talk about the possibilities of an abortion. A triangle might develop.

What do such scenes add to the knowledge of young people in a permissive society? What inspiration do these scenes supply? It seems to me that concerned parents are the ones who ought to unionize.

However, they should be sure they have done their own homework. One of our sons went through university with the intention of teaching school. When he graduated, he had to join the ranks of the unemployed. When he did manage to get a few days, he phoned us and said, "That's not for me. I spent three quarters of the classroom time trying to keep order."

Dr. J. D. Unwin of Cambridge University made a study of eighty civilizations ranging over a period of four thousand years. He concluded that a society either chooses sexual promiscuity and decline, or sexual discipline and creative energy.

Writes Dr. Unwin, "Any human society is free to choose either to display great energy, or to enjoy sexual freedom; the evidence is that they cannot do both for more than one generation."

As the human twig is bent, in home and school, so the tree will grow.

TIREMEN DEFEAT KINGSTON TOWNSHIP BY 2-0 SCORE

By: BILL MOORE

On Sunday night at the Cloverdale Community Centre the Napanee Tiremen came up with a goal in each of the last two periods to blank Kingston Township 2-0. This gives the Tiremen hockey club a record of 15 wins, two losses, and one tie in 18 league games with first place in the Quinte-St. Lawrence Juvenile League still a battle between Trenton and Napanee.

The Tiremen meet Gananoque in the first round of the O.M.H.A. Juvenile "A" with the first game of a best of three series being played in Napanee on Thursday, Feb. 7 at 8 o'clock. The second game is slated for Gananoque on Wed. Feb. 13. at 8:30. This should be a hard fought series as Napanee won two and tied one in four games against the Gananoque club.

The first period at Kingston on Sunday night was scoreless with both teams setting a torrid pace but both goal tenders were in top form to keep the period scoreless.

Bob Simpson took a pass from Roger Mills at 14:19 of the second period to put Napanee ahead 1-0 and this goal came with the Tiremen playing a man short.

Tempers exploded in the last period with Caughey of Kingston squaring off against Terry Peters, who had been a marked man all night. The Kingston players had bragged before the game that they would get Peters but the only punch landed was one by Caughey with the linesmen holding the Napanee player. Both received major penalties for fighting and then the Kingston player tried to get at the Napanee player as he was going to the dressing room, but the Napanee fans kept them at a distance until the police were called in.

Terry Howie made it 2-0 for Napanee at the 8:10 mark on a relay from Rob. McDannold to complete the scoring in the game. At the end of the game Bob Edwards of Kingston was assessed a game misconduct penalty for cross checking Napanee's Garry Elder and will now sit out one game before being allowed to play again. Napanee picked up 11 penalties and Kingston Township also drew 11.

Dave Lochhead came up with a hot game in the Tiremen's net and Richard Snowden in the Township's net was equally good.

On Feb. 19, A and P will be opening their new store in the Napanee Shopping Mall.

The new store will cover 25,000 square feet and more than 463 shoppers can be accommodated in the parking area.

The aisles are 14 feet wide and together with the high ceilings give the feeling of "wide open spaces." The deep shelves will be stocked to a maximum. The company promises that the variety and range of products in the store will fill all consumer needs and for efficiency, there will be eight check out counters for speedy service.

The store management is expecting a full house of shoppers during the opening week and they will find the A and P "We Care". slogan evident in the arrangements of food and household products with all the complementary items that a customer might require.

Young mothers, for example, will save steps because all baby needs are arranged down one aisle from baby foods, feeding dishes, rubber pants, teething rings, bibs and even toys.

The meat and delicatessen counters promise to be really something. In the prepackaged section of the meat counter some of the special cuts of meat will be so attractively displayed that they will actually look gift wrapped.

In the fruit and vegetable section, the produce will be artistically displayed with a centre dividing aisle containing a large variety of tomatoes, corn, peaches and other fresh produce.

The new A and P store has everything ready for a party, with coasters, party hats, straws and ice cream scoops all available in the aisle together with soft drinks and a wide range of "snackers" to suit every taste.

The new A and P store in Napanee will provide employment for approximately 80 local people. The store is under the management of store manager Gilbert Grant and his assistant Donald MacGregor. Mr. Grant has been with the food store chain for 19 years and Mr. MacGregor for 17.

This year, in keeping with their slogan of "We Care" the company has inaugurated a consumer consultant service. Consultants are available for shopping advice, menu planning, entertainment suggestions, nutritional information and for cooking tips and recipes.

The totally Canadian consulting team consists of a consumer relations consultant, two home economists, a co-ordinator of research, a chef and a French connoisseur.

An important part of the consultants' team work is public speaking involving groups attempting to raise money for charity. This represents a "first" in Canadian retailing and the consumer response has been very rewarding, says Fred Kennedy, president of A and P in Canada.

It used to be that the only private brands the stores carried was tea and coffee. In order to give the consumer a quality product under their own label, the stores now have hundreds of private brand items available to the consumer which must meet the high standards set by an A and P expert.

According to the company, these brands are all as good as if not better than nationally advertised brands. All of these brands will be available in the new A and P store in the Napanee Mall.

The A and P tie-in with a consulting service, partially devoted to charitable activities is an extension of their "we care" policy.

Notice of Public Meetings

Transmission Line Study for Prince Edward County

Ontario Hydro is conducting a study to determine an environmentally and socially acceptable means of transmitting the increased amounts of power needed to maintain adequate and reliable service in Prince Edward County. One or more transmission lines will be required depending on the voltage selected (44,115 or 230 kilovolts).

Questionnaires were made available throughout the study area to help in identifying broad alternative corridors within which rights-of-way could be established. Also, meetings have been held with local municipal authorities, environmental and agricultural organizations.

The meetings listed below have been arranged to further encourage public participation in the study, to discuss the alternatives, and to obtain information concerning any specific locations which the transmission lines should avoid.

Your attendance at one of the meetings will be a welcome contribution to the open planning process through which the most satisfactory solution can be found.

WILSON'S CLOTHING STORE

Buying Right Styles Key To Clothing Business

This is another in a series of articles on Napanee businesses with information about the kind of business being carried on and other interesting features about the people who operate the particular business.

By DON SWAIN

For at least 50 years, Wilson's Clothing Store has been serving Napanee and area. For many years, it was owned by John Wilson and then operated as a partnership with Mr. Wilson and Carman Dale.

The father of the present owner Arthur Basch, purchased the business in 1944. In 1962, his son, Joe Basch graduated from Waterloo Lutheran University with a Bachelor of Arts degree and as Mr. Basch wanted to retire, he moved to Toronto and left the business for his son to operate.

Since early in 1963 when he began operating the store, Joe Basch has found that the biggest challenge is meeting changes that are occurring constantly. "People's taste changes, the industry changes and there is the constant need in buying to keep up with the styles," Mr. Basch points out.

"Today, people are much more style conscious. They are thinking more of quality than price. Price used to be the big factor. The customer realizes he gets what he pays for," Mr. Basch explains.

Manufacturers are continually changing styles and Mr. Basch says that you have to know your market area in buying and selecting styles that you feel your customers will like or not like and try and blend new styles in with what you feel local people will like. "Occasionally, a manufacturer comes out with something you know won't go in this area because the people wouldn't accept it."

Another area where Mr. Basch has seen a change in the years he has been managing the business is in prices "inflation has brought this along."

Mr. Basch leaves no doubt however, that the biggest change he has seen is that which has occurred in men's wear. "It used to be charcoal grey suits were 75 per cent of the sales.Now, it is maybe five per cent. The diversifying of styles and color in men's wear has really caught up with ladies' wear."

Other changes that have taken place in recent years include fabrics. Wash and wear clothing has become very popular "and except for certain items has become almost universal." For example men's pants have become almost entirely polyester and koratron.

Wilson's Clothing Store carries full lines of clothing for men, women and children and also has a shoe department.

Mr. Basch feels that the role of personal service which customers receive is very important. "Our idea is to try and make the customers happy by being there when they need help. We try to cater to all — families and individuals — and specialize in made-to-measure clothing."

Considering the business as a whole, Mr. Basch observes, "In ladies' wear we feel we have upgraded the merchandise quite a bit."

There is a staff of five in the store and Mr. Basch gives full credit to two long-time members of the staff in their respective departments, men's, and ladies' wear: Reece Valentine and Mrs. Dorothy Pringle.

Looking at the retail clothing business in perspective and the role his store plays in meeting the needs of customers in the Napanee area, Mr. Basch feels "that smaller businesses such as ours must try and stay not only competitive but also continue being style conscious. You have to change with the trends and keep abreast of things that are happening around you."

To Mr. Basch, "the satisfaction of being in business comes from keeping customers happy and receiving compliments on your store and what you are selling."

Aside from his interest in the clothing business, Mr. Basch is an avid tournament bridge player and has other business interests in the field of investments.

The Golden Rule Of Minor Hockey

(For Parents)

1. *Make sure your son knows that win or lose, you love him. Let him know that you appreciate his effort and that you won't be disappointed in him if he fails. Be the person in his life he can always look to for support.*

2. *Try to be completely honest with yourself about your son's athletic capability, his competitive attitude, his sportsmanship, his level of skill.*

3. *Be helpful, but don't coach your son on the way to the game or at the breakfast table. Think how tough it must be on him to be continually inundated with advice, pep talks and criticism.*

4. *Teach your son to enjoy the thrill of competition, to be "out there trying", to be constantly working to improve his skills, to take the physical bumps and come back for more. Don't tell him that winning doesn't count, because it does and he knows it. Instead, help him to develop a healthy competitive attitude, a "feel" for competing, for trying hard, for having a good time.*

5. *Try not to live your life through your son. You've lost as well as won, you've been frightened, you've backed off at times, you've been the villain. Don't expect any better of him. Sure, he is an extension of you, but don't assume he feels the same way you did, wants the same things or has the same attitudes. Don't push him in the direction that will give you the most satisfaction.*

6. *Don't compete with your son's coach. A coach must become a hero to him for a while, someone who can do no wrong, and you may find that hard to take. Or your son may become disenchanted with the coach. Don't side with him against the coach. Talk to him about the importance of learning how to handle problems and how to react to criticism. Try to help him understand the necessity for discipline, rules and regulations.*

7. *Don't compare your son with the other players on his team – at least not within his hearing. If he has a tendency to resent the treatment he gets from his coach, if he is jealous of the approval other players get, try to be honest with him. Don't lie to him about his capabilities as a player. If you are over protective, you will perpetuate the problem.*

8. *Get to know your son's coach. Make sure that you approve of his attitudes and ethics. A coach can be very influential, and you should know what his values are so that you can decide whether or not you want them passed on to you son.*

9. *Remember that children tend to exaggerate, when they are praised and when they are criticised. Temper your reactions to the stories your son brings home from the rink. Don't criticize him for exaggerating, but don't overreact to the stories he tells you.*

10. *Teach your son the meaning of courage. Some of us can climb mountains but are frightened to get into a fight. Some of us can fight without fear but turn to jelly at the sight of a bee. Everyone is frightened of something. Courage isn't the absence of fear. Courage is learning to perform in spite of fear. Courage isn't getting rid of fear, it's overcoming it.*

PEMBROKE EVENT

Napanee Hockey Team Wins "A" Title At Pee-Wee Tournament

The McCutcheon Realtor Pee-Wee All-Stars hockey team went to the Pembroke Winter Carnival Pee-Wee tournament and came home with the "A" championship trophy. The boys played their best hockey of the season on Saturday as they downed Nepean Ottawa 9-2, Deep River 7-4 and Petawawa 5-1. The whole team was skating and back-checking in superb style. Goalies Rick Cole and Al Davis were in great form. In their victory against Nepean Huck Conway, Paul Roantree and Greg Mills each scored two goals. Single markers were put in by Bill Dudgeon, Mike Martin and Peter Hinch. Assists went to Mike Martin with two, Cory Vick with two and Steven Dale, Peter Hinch, Paul Roantree and Huck Conway.

In the second game against Deep River, Bill Dudgeon had the hat trick while Mills put in two and the remaining tallies came from Paul Roantree and Mike Martin. Providing the assists were Mills, Hinch, Conway, Martin, Bill Dudgeon, and Brant Doyle.

In the championship game against Petawawa the boys seemed to gain momentum and downed the strong opposition 5-1. Scoring for Napanee were Bill Dudgeon, Martin, Roantree, Hinch and Mills. Peter Hinch assisted twice and the other assists came from Doyle, Mills, Vick and Kevin Thompson.

Saturday's victory was a great team effort. Other hard working players on this championship team were Kevin Gillott and Bruce Dudgeon. Puck trophies were presented to the stars of each team after each game. Those chosen on Saturday were Greg Mills, Bill Dudgeon and Mike Martin.

The boys were billeted for the night and remained in Pembroke for the grand championship game on Sunday. The team which Napanee iced on Sunday lacked the spunk and drive that they had on the previous day and were stopped by a close checking Barry's Bay team 3-2. Napanee's two unassisted goals were scored by Mike Martin and Greg Mills. The boys looked downcast at the end of the game but to help cheer them up as they stood lined up at the blue line each one of them got a kiss from the Pembroke Snow Queen. Greg Mills received the puck as a star of the game and also a trophy for being top scorer in the tournament.

Team manager Paul Dudgeon also served as bus driver over the weekend.

Reserve Runs Up 9-1 Score Against Islanders

On Friday Jan. 25, when the smoke has cleared, a shell shocked Amherst Island hockey crew skated off the ice after being dealt a lopsided 9-1 defeat by the Reserve. Coupled with Jackson's defeat at the hands of the Napanee Tiremen, the win moved Reserve into a tie for third spot with Jackson's.

In the opener, Reserve and Amherst Island battled to a one all deadlock after 20 minutes of play, before the flood gates opened. Ron Maracle scored first for Reserve, Brian Bowen replied for Amherst Island. The Reserve crew then proceeded to tally eight times in the remaining two periods, splitting them down the middle four goals in each stanza. Glen Maracle with a pair, Bob Saunders and Ron Maracle with one each scored in the second period. Carman Milligan added two in the final period, while Duane Presley and Jim Harwood added one apiece.

At 8:20, the Tiremen met Jackson's, the former winning the contest by a 4-2 count. Bob Simpson was the big man for the Juveniles, scoring a pair of goals in the second period. Singles were recorded by Roger Mills and Terry Peters. Dan Garrison and Ron Lafontaine were the marksmen for Jackson's.

Dale Desveaux paced the Junior Farmers to a 6-2 win over Hawley in the nightcap. The win keeps the Farmers tied in first place with the Tiremen. Gord Wallace, John Wier, Bill Kimmett and Keith Weese picked up goals for the Junior Farmers in the win. Paul Wagar and Robert Hough each tallied once in a losing cause for the Hawley crew.

Next Friday's action pits the Junior Farmers against Jackson's at seven o'clock; the two last place teams Amherst Island and Hawley do battle at 8:20, while the Juveniles take on the Reserve in the late game.

Table Tennis Experts Beware . . .

"If you feel you would like to get out of the winter doldrums by tuning up the body for spring, enroll in the table tennis tournament" say officials of the South Fredericksburgh Recreation Committee. The group, open to all residents of the townships of South Fredericksburgh and Adolphustown, is sponsoring the event and those interested are invited to practise at St. Paul's Anglican Church Hall, Sandhurst, this Thursday, Friday and Saturday from 7:30 to 10 o'clock.

The tournament will be starting soon and matches will be arranged to suit entrants as much as possible as far as time is concerned. Now is the time to learn for those who haven't, or get back in shape for those who are rusty. For the women, Sandhurst Public School gymnasium has been reserved for volleyball and it isn't necessary to know the game. "It's purely recreational so maybe it would be more fun if you didn't," says a spokesman. Other games are being arranged as interests warrants but the volleyball with be Monday evening from eight to 9:30.

"If you can't lick 'em join 'em, say the South Fredericksburgh area "sports." . . . "Who knows? Maybe our little corner of the county will produce the next Canadian table tennis team to China. Keep those Canada Council grants coming in. We will be ready when called."

NEW 4—H CLUB

A new 4—H Club was started at Selby on Jan. 22, with 14 girls attending the first meeting held at the home of Mrs. Robert Trottier. The chosen name for the club "Needles and Pins" is appropriate because this year the girls are working on accessories for the bedroom. Carolyn Pringle was voted in as president and Sylvia Dudgeon as vice-president. The club leaders, Mrs. Marebeth Trottier and Mrs. Marion Denison were pleased to see so many girls interested in joining the 4—H Club.

WHAT'S THE SCORE?

By D'ARCY McKITTRICK

As most people's attention is focusing around the approaching playoffs in hockey circles, there is another area of playoffs which deserve recognition for no other reason than the success of a local team. The Napanee District Secondary School Golden Hawks are showing considerable aptitude in the field of amateur wrestling, and within the next few weeks, they will begin the route which could lead one or all the members of the team to an Ontario Championship.

Their most recent exhibition, over the past weekend, followed closely on the heels of the Queen's University, Secondary School Invitation Meet which the team captured. However Saturday and Sunday found the boys much farther from home than Kingston. The wrestlers were competitors at the largest meet ever held in the province of Quebec, staged at a Secondary School in the suburbs of Montreal. Over 400 wrestlers were present from all parts of Quebec and Ontario. Coach Eric Bartlett entered 12 wrestlers, to represent the area, and as a team, they finished in the top three.

Individually, Daryl Van Vlack was the big winner for the Hawks. Daryl steamrolled his opponents in all eight matches, winning with pins, to capture a gold medal as well as the Greg La Salle Memorial trophy, presented to the best novice wrestler in the tournament. Mike St. Amand and Dave Willard battled their way to second place finishes and silver medals in their respective weight categories. While no other medals were procured, recognition is due to Mike Briggs, Steve Topping and Bill Van de Sluis for finishing in fourth places, and Brian Roebuck who finished fifth.

Referring again to the playoff trial, Feb. 16 is the scheduled date for the Bay of Quinte meet, consisting of teams in this vicinity, followed by the Central Ontario meet Feb. 22, and culminating with the All Ontario Finals Mar. 1 and 2. Although this sport lacks some of the speed, and action of hockey, it is not a sport for little old lady's and arm chair quarterbacks to participate in. But that's not saying that they couldn't be spectators.

For those of you who are looking to sports as an answer to bridging a generation gap, the local Badminton Club could be the answer. The sport has very few barriers such as age or sex, quite the contrary in fact. Members in the club represent a good cross section of the community age wise, ranging from as young as 14 or 15 to the prime years (you set the limit) as well as encompassing both sexes, with no discrimination. Every Monday and Thursday evenings these individuals meet at the Napanee District Secondary School from seven o'clock to approximately 10 o'clock for a few hours of competitive recreation, with more emphasis on recreation. The club has just begun operation for the current year and is encouraging new faces to join the ranks, a small membership fee of $8.00 is collected to defray the cost of equipment such as birds (the plastic kind). If you would like to become a member and possibly trim up the waistline a bit, all you require is a pair of sneakers and a badminton racquet (both of which can be purchased at a sporting goods store for much less than you would expect). So why not join the athletic set, and enjoy a fun mixture of exercise, recreation and competition?

Tamworth Ties Brighton 4-4 In Trent Valley League

In a Trent Valley Hockey League game last Thursday night, Tamworth Braves and Brighton fought to a 4-4 tie.

In the first period, the lead shifted from one team to the other with Tamworth opening the scoring. The period ended with Brighton leading by one goal.

Tamworth quickly tied the score at the beginning of the second period. But Brighton scored its third goal to go ahead again just past the middle of the period.

Tamworth tied the score again in the first minute of the third period. Brighton again went ahead only to have Tamworth score its fourth and final goal to tie the game.

Brighton was assessed six penalties to Tamworth's five. The team was happy to have Earl Smith back on the bench after his recovery from surgery.

Tamworth won the Jan. 28 game by default over Havelock. Havelock advised at game time that they could not get enough players to field a team.

Tamworth's next game is at 2:30 Sunday afternoon against Cambellford in Tamworth.

Bishop Creeggan To Re-dedicate St. Mark's In Deseronto

Bishop J. B. Creeggan will attend the Feb. 3 morning service at St. Mark's Anglican Church in Deseronto to rededicate the newly redecorated interior of the church and the church organ which has been rebuilt. Members of St. Mark's Anglican Church Women were informed of this special service at their first regular meeting of the year.

The meeting was opened by president, Mrs. R. Tucker, with the singing of the hymn, "This Is My Father's World". The A.C.W. prayer and a prayer for the sick of the group followed. Invocation was read by Mrs. Tucker. Meditations from the Living Message were read by Mrs. A. George Wakelyn. Then followed litany and prayers said responsively by all.

Mrs. Joan Claus gave the secretary's report and Mrs. W. Brown gave the treasurer's report. Services for World Day of Prayer will be held at St. Mark's Church this year. Representatives from all church women's groups have been invited to meet at the home of Mrs. Wakelyn on Feb. 13 to arrange this service.

An invitation was extended to the group to attend an all day conference on Feb. 16 at Queen's University at which the topic will be the "Energy Crisis". The purpose of the conference is to attempt to arrive at a better understanding of the crisis, reflect as Christians on this issue, and demonstrate an active method of dealing with issues.

The resignation of Mrs. R. Tucker as president was accepted with much regret by members. Similar feelings were expressed at the resignation of Mrs. W. Brown from the office of treasurer who was thanked for a "job well done" and best wishes were extended to her for success in her new career.

Mrs. Frank Bell presided at the election of officers which followed. President elected was Mrs. Finlay Elmey. Vice-president will be Mrs. A. G. Wakelyn. Treasurer is Mrs. Everett Martin and Mrs. Joan T. Claus will continue as secretary.

The newly elected officers were wished a successful and productive new year.

The meeting closed and a very tasty lunch was served by Miss Alice Jackson, hostess for the evening.

Damage Heavy As 2 Cars Collide

There were no injuries but extensive property damage resulted when two cars collided on John St., Monday afternoon.

Snowmobiles Hazard At School Principal Tells Board

Snowmobile riders are disturbing classes and in some instances even endangering the lives of pupils at the Amherstview Public School, Doug Helliwell the 30 year old principal of the school told the Lennox and Addington County Board of Education Monday night.

Less than two weeks ago a seven year old boy, who was getting out of his parents' car to enter the school was nearly run down by a snowmobile. Only by throwing himself in the ditch was the youngster able to get out of harm's way. The snowmobile did not stop.

Other incidences related by the principal included snowmobilers roaring around the school grounds while the school was in session and on other occasions the snowmobiles had been speeding on the grounds while the pupils were having their recess.

"Once when I walked out the door I had to step back in order not to be run down myself," Mr. Helliwell said. "I was just walking, but if it had been a youngster running out of the school at 3.30 he might well have been hit."

The Amherstview subdivision in which the school is located, is not a deep development. It only involves two or three blocks of houses, and then there is open farm land to the north. It is the open land that the snowmobilers are heading for, and the school grounds, which are not fenced off, seem to be the most convenient way to get there.

Talking to the operators of the machines had not paid off, Mr. Helliwell told the trustees. He and other teachers "had been told off in no uncertain terms" and no respect had been shown for the school property. On occasions it had proven to be impossible to talk to the snowmobilers, though. "It is pretty hard to chase them down on foot," the principal observed dryly.

Tom Tomkow, chairman of the Board of Education asked Mr. Helliwell if he had any suggestions for the correction of the situation. But short of blocking the passage to the north by fencing, the principal could see no solution. There already was a sign forbidding "all motorized vehicles", but "even though that should be enough, it is not."

R. A. (Dick) Dodds, superintendent of schools, mentioned that the sign is not placed in a good position anyway. It is located at the entrance of the parking lot, and every day all the teachers must pass the sign, and thereby disobey it, in order to park their cars.

More signs, even signs that would specifically refer to snowmobiles, would not do the trick anyway, Mr. Tomkow said. "These are the type of people that will go on your farm and mine," he said addressing fellow farmer Bruce Caughey. "They are the type of people that will cut your fences to get on your land. Now there is another kind of snowmobiler around that will ask if they can come on your property, and they are alright. But unfortunately we still have the other type around."

The idea of erecting a permanent fence on the rocky land would involve a large amount of money, one official pointed out. "But what is that compared to a child's life," answered one of the trustees.

A motion to have a snow fence erected for the winter months was shot down by Board member Eldon Peters, who lives close to the school. "That would just be another obstacle for them to cut down," he said.

A solution for just the winter months would not cure all the school's problems anyway, said Mr. Helliwell. During the summer motorcycles had come on the school grounds churning up new seeding and freshly planted trees and shrubs. Any stopping of unauthorized traffic should be permanent.

Don Boswell, A Whig Standard reporter, who regularly covers the Ernestown Township council entered into the discussion by saying that the township had recently decided to stop snowmobiles running around in the township parks and other areas where they were not wanted. Special officers to enforce the township by-law had been hired, but no specific rules had yet been given to the men to operate under. Mr. Boswell felt that the township might agree to patrol the schoolgrounds as well.

The school is nearly entirely enclosed by township parks. Even if the by-law enforcers were able to stop the traffic on the parks, there would be less reason for the snowmobilers to come onto the school grounds.

By a motion by board member George Salsbury, seconded by Mr. Peters, it was decided that all school grounds would be declared off limits for any motorized vechicles except those which were authorized. Trespassers would be prosecuted, and "every effort" would be made to identify those not keeping to these rules.

In another motion the board agreed to ask the Township of Ernestown to assist in enforcing the ruling. The Ontario Provincial Police would also be requested to make frequent checks on the situation.

Superintendent Dodds observed that some snowmobiles might be allowed at some school properties. Two of the staff members at the Enterprise school come to their work by that mode of transportation.

Members took care of the booth for the blind at Napanee Fair with all proceeds going to the Canadian National Institute for the Blind and looked after the heart canvas in the area and plan to do so again in 1974. There have been other donations made to some town funds and bus trips were sponsored for members and their friends and plans are being made to do this again this year.

In Loving Memory

RENDELL — In loving memory of a darling daughter and sister, Cindy Marie, who departed from us into God's glory, January 28, 1970 in her 25th month.

Four years have passed dear Cindy Marie
Since we held you in our arms,
Your brother often says how beautiful were your ways and charm
He misses you very often as Mommy and Daddy do.
But we try to think of the little things you tried to say and do
So our hearts grow fonder as we think of you as any parents would do
We would still love to cuddle you in our arms and hold you with tender care
But God has chosen you back home to his most precious loving care
We had you for a little while a gift of God so sweet
But God needs little ones to help Him on the Golden Street
So he chose you so fair and sweet
And left us with his hand and his grace that we may someday meet.
Always remembered by Mommy and Daddy and Brother David and Timothy. (Mr. and Mrs. William Rendell), Camden Road, Napanee). 5a

JACKSON — In loving memory of our darling daughter and sister, Dana Marie who left us so suddenly on January 31, 1973.
We little knew when we woke that morn
The sorrow the day would bring
As her little heart stopped beating
Two hands were placed to rest
God broke our hearts to prove to us
He only takes the best.
Sadly missed and lovingly remembered by Mom, Dad and sisters Cheryl and Michele. 5ap

UENS — In loving memory of a dear husband and father, Arch H. Uens who passed away January 23, 1969.

Quietly remembered every day,
No longer in our lives to share
But in our hearts forever there.
Always remembered by his wife, Charlotte and family. 5ap

That we do not think of you.
Always remembered by daughter Marguerite, son-in-law Bill and family. 5ap

MARTIN — In loving memory of a dear mother, Mrs. Archie Martin who passed away Jan. 28, 1968.
Two tired eyes are sleeping
Two willing hands at rest

Lovingly remembered and sadly missed by husband, Allen. 5ap

BARHAM — In loving memory of a dear father and grandfather George Henry, who left us Feb. 2, 1973.
Memories are treasures no one can steal,
Death is a heartache nothing can heal,
It happened so suddenly and you were gone.
But we will remember no matter how long.
Always remembered by his daughter Burt, son-in-law Matt and his grandchildren. 5ap

HANNAH — In loving memory of a dear son and brother, Maitland Roy Hannah who passed away suddenly January 21, 1972.
Two years ago we had to part,
With one we loved with all our hearts
You'll not come back,
We know it's true
But someday Maitland, we'll come to you;
There's some who miss you sadly,
In a home where you used to be
Someone who wanted to keep you,
But God willed it not to be.
You left some beautiful memories,
And sorrow too great to be told
But to us who loved and lost you
Your memory will never grow old.
Sadly missed and always remembered by Dad, Mom, sisters Karen, Connie and brother-in-law Paul. 5ap

"Nutrition In Winter"

By KATHIE SNOBELEN

KATHIE SNOBELEN

Ida Burns & Associates Inc., 1260 Lakeshore Road East, Port Credit, Ontario.

Winter always seems to bring with it the cold and flu season — and along with that, emphasis is on eating the 'right' foods to help the body resist such infections. A wise selection of foods is important all year round—not only in the winter months. A person who has a well-balanced diet all year will have the maximum resistance to such minor infections as we experience during the winter months.

Much has been heard recently about the role of Vitamin C (ascorbic acid) in helping the body to resist colds. Just how effective this theory is, is largely a matter of conjecture. Since the human body cannot store this Vitamin, we must be careful to include a source of Vitamin C in our diets each day. Any Vitamin C in excess of what the body requires is excreted. Therefore there would appear to be little advantage to taking massive amounts of Vitamin C. The amount of Vitamin C required by the body can be found in four ounces of orange juice, or by eating 1 medium orange. Incidentally, the cheapest form of Vitamin C is found naturally in orange juice.

Unsweetened fresh-frozen orange juice concentrate in 12 oz. cans provides the day's requirement of Vitamin C (30 mg.) at a cost of 1.5 cents.

Winter vegetables such as cabbage, broccoli, and turnip also contain reasonable amounts of Vitamin C and are readily available throughout the winter months.

30th ANNIVERSARY

A gala event at the Queen Elizabeth senior citizen apartments took place when Mr. and Mrs. Roy Dafoe were "At Home" to friends and relatives for their 30th wedding anniversary. The room was tastefully decorated for the occasion, the long table centred by a lovely floral arrangement donated by a friend, and a lovely wedding cake. Pouring tea were Mrs. Florence Stevenson and Miss Margaret Marlin and serving were Mrs. Clara Silver, Mrs. Ruby Browne, Mrs. Marg Duncan and Mrs. Freda Matthews. Gifts and best wishes were presented to Mr. and Mrs. Dafoe.

AT THE SCHOOL BOARD

At the Lennox and Addington County Board of Education meeting Monday night

* It was decided that a $10,000 grant from the provincial government for work done at the Gibbard Memorial Athletic Field be used to lower the education taxes for all the taxpayers of the county.
* Another grant for $2,137.73 for work done at the Sandhurst Public School grounds, where extensive work is still in progress, mostly by volunteer workers, will be kept available for the further development of that project.
* The members of the board approved a request from R.F. Sams, principal at the Ernestown Secondary School, to allow a group of teachers and students to make a three day field trip to Quebec City to attend the "Carnaval de Quebec". The costs for the trip will be borne by the students themselves. Cautioned Board member Bruce Caughey: "Don't get into trouble down there."

Deseronto School Uses Theme Approach To Teaching

Deseronto Public School is planning three special themes around which all subjects will be co-ordinated. In the primary division phonics, mathematics, language arts, and science, all promote a winter theme. Art is displayed in each classroom. Physical education activities include tobogganing and skating. Winter outdoor activity days are planned for Jan. 31 and Feb. 1.

In the junior division the winter theme was promoted through all subjects. In art, music and physical education subject matter dealt with winter ideas. In mathematics, graphs and temperature readings and orienteering on the playground stressed the same theme. Snowmobile safety was discussed. The topic in social science was fur bearing animals. The program was climaxed on Friday afternoon with a visit by a ranger from the Ministry of Natural Resources.

The intermediate division will be working on a program of industrial arts, crafts and home economics. This will be a week-long activity and is an attempt to find an alternative to the weekly bused-in trips to a Belleville school for those subjects. Students will be offered a choice of the following 12 subject areas: drafting and woodwork; machine sewing; silk-screening and printing; cooking; orienteering and model building; batik; candle craft and typing; baking; metal working; macrame; rug-hooking and crocheting; handsewing and embroidery and stitchery; woodworking. To make this program possible the school requires the assistance of parent volunteers and have asked that anyone able to help out contact the school.

How the Consumer Protection Act Works to Protect YOU

Intinerant sellers must be registered

Last fall, I was approached by a painter who wanted to paint my barn for what seemed like a bargain. I paid him $50 in advance and the next day he came with two helpers and completed the job. Everything was fine until the "paint" disappeared with the first rain. The contract we signed only has his signature. Is there any way to get hold of this man?

No. That "contract" you signed is merely a slip of paper. When dealing with unknown salesmen, always check them out. Contact the Ontario Consumer Protection Bureau to make sure they are registered as itinerant sellers, (door-to-door salesmen, selling such items as driveway paving, encyclopedia, magazines, household appliances, aluminium siding and swimming pools, just to name a few), must be registered. The Act allows the Registrar to: require the seller to post a $5,000 bond to guarantee service; start proceedings to refuse or revoke registration if the seller is not financially responsible; enter a business premise to investigate a complaint, and prosecute the itinerant seller if he gives false information or refuses to comply with an order. Never give any merchant or seller more than a five percent downpayment. Beware of those wanting large downpayments. Established businessmen rely on mutual honesty and trustworthiness and they don't expect you to subsidize their operations.

Referral Selling

Last week, my wife and I, with three other couples, bought encyclopedia sets for our children from a door-to-door salesman. The salesman offered my wife and me $100 off our purchase if our friends decided to buy the same set of books. After thinking things over, we all want to cancel the deal and get our deposit back. Can we do this?

Yes. Salesmen who tell you that you can get an additional discount on goods if you get some of your friends to purchase these goods are practicing "referral selling" which is prohibited under the Consumer Protection Act. Any contract signed under these conditions is not binding on you. The seller can lose his licence and be fined up to $2,000 if convicted.

Buying on Credit

Three months ago I answered a newspaper ad and signed a contract to rent and eventually purchase a color television. Being a widow on a small pension, I didn't want to spend a lot of money, but the salesman talked me into a 26-inch model for a $30 monthly payment. Although all details weren't worked out, I signed a contract in which the monthly payments were stipulated. I have now received another copy of the contract which makes it clear that this $30 doesn't just pay for the set, but also pays for a three-year service contract and high monthly finance charges. I was also unaware that I would have to pay for three years. The set will cost me at least twice what it would in a store. Can I cancel the contract and get my money back?

You're in luck. The Consumer Protection Act states that anyone selling merchandise costing more than $50 on credit must provide the purchaser before credit is given, with a clearly written statement showing the total finance charges both in dollars and cents and the annual percentage rate being charged. In this case, the total cost and finance charges were not disclosed, so you can get your money back. You were very foolish to sign what amounted to a "blank" contract.

IT'S A DIFFERENT STORY WHEN REPORTER INTERVIEWED

By HANK REININK

The shoe was on the other foot last week, when the Farm and Country, Canada's largest farm periodical, printed a two-page story about Hank Reinink-the-farmer. And then on Monday the Kingston Whig-Standard followed with a re-write of the same story written by Vicky Shaw.

However flattering it is to see an article about yourself, I guess you always feel that something was misinterpreted, that something you feel is important was left out or slightly changed. I now know how come some of my own "victims" are not entirely hilarious about articles resulting from my interviews with them.

An article about a person, an organization, or even a business should be regarded the same as a photograph, I sometimes tell my subjects. The subject is seen from one angle only, and that is the angle of the interviewer. A newspaper reporter does not have the time or the space to view the subject from all angles to get a three-dimensional impression, and even if he could, chances are there would be something missed, something that was not directly apparent or something partly hidden from view.

The reporter for the Farm and Country, a man whom I have known for years, and with whom I have had business dealings, since his paper has printed many of my articles these past years, spent some three hours with me on the farm one bitterly cold morning towards the end of December. He took pages and pages of notes, just like I do, when I do the interviewing.

But when a reporter sits down to write the actual story, it turns out that he has too many notes. He has to throw some of them out and only use those quotes and observations which he feels will tell the story fairly accurately the way he sees it.

There is nothing really inaccurate or misrepresented in the Farm and Country article by John Richards, whose real name is John Phillips. I am just wondering about some of the points that seem to have been lost in the shuffle.

One point is that it would appear from the article that we changed from laying hens to pigs in 1965. We did not. We added a swine herd to our operation, but we kept the hens, and even now we have some 5,500 laying hens on the farm.

But the big point I missed in the story is the role my wife and children play in the farm operation. If it was not for Susi, we would not have been able to hold onto our business during the period of disastrously poor pork and egg prices a few years ago. Many egg farmers and many pork producers bit the dust during those years. In our county alone fully one-half of the bigger pork producers lost their shirts.

We did not, but only because Susi agreed to do the bigger part of the farm work, while I went off and worked for the Napanee Beaver and "freelanced" on the side for farm papers. It was the income from outside the farm which helped pay for pig feed.

Financially things are different now, I am happy to say. We are making money, and this year for the first time in my life, I am 39 years old, we will be paying income tax.

But work-wise it has not changed that much, at least not for Susi. I don't put in nearly as many hours at The Beaver, but our present farm setup is much more than one man can handle without a helper. And a steady and reliable farm worker appears to be a thing of the past, no matter what kind of wages you are willing to pay.

This past year Susi made about 550 tons of feed for our livestock, lifting every last ounce of it by hand to feed the grinder-mixer. She has done that in the rain, she has done it in 100-degree weather and she has done it in snowstorms and in sub-zero weather.

Susi and our two pre-teenage sons, Hank-John and Martin, do practically all our poultry work. Susi gathers most of the eggs during the day, and when the boys come home from school, they finish up by going through all our nests to collect the evening eggs. During weekends the two boys gather all the 4,000 eggs per day by themselves, giving their mother a chance to do some of her housework. Our two little girls, Barbara and Cathy-Ann, tag along sometimes and help, but at age four and five, their contribution is important mostly as a form of moral support.

So the point missed by the Farm and Country reporter is that if there ever was a "family farm", ours is it. I Don't know how come he did not see it, because I certainly mentioned it several times. After all I could not have spent the three hours with him if it had not been for Susi doing the poultry work while we talked.

In 1631, the position of General Superintendent of Posts was established in France.

And no one in this area is better for that job than our Agricultural Representative, a man who knows farming and the special problems of farm business management.

Spend a little time with him at our Farmchek public information meeting and he'll show you how Farmchek will save a whole lot of your time, time you can spend away from your books.

He'll show you how you can make Farmchek as simple or as detailed as you wish, how you can break receipts and expenses into as few as 10 or as many as 900 specific categories each, how every month you'll receive monthly and year-to-date statements itemizing each category, and how Farmchek can save you a pile of trouble at income tax time.

He'll show you how you can keep computer-perfect track of every penny that flows in or out of your operation and he'll prove that to do it, all you need are the specially designed Farmchek deposit slips and cheques, and a pencil.

Farmchek has already been proven by 71 farm operations that tested it over the past year.

You are invited to talk over Royal Bank's new Farmchek service with our Agricultural Representative at a local meeting to be held soon.

Contact your local Royal Bank Manager for details.
